Contract [] Task Order 6 - Completion of Work

1. Under the terms of Contract [] Task Order 6, the [] was to design and develop an [] Test Power Supply and to fabricate three of the Test Power Supplies. In addition, instruction manuals were to be supplied.

2. One Test Power Supply has been delivered. A second Supply is to be delivered 2 January 1959. The final Test Power Supply is to be assigned to [] as Government furnished equipment on Contract [] Task Order 10. All items of work under Task Order 6 have been inspected and are considered acceptable. We believe that the terms of the contract concerning deliverable items have been successfully fulfilled for the purpose of contract termination.
